Recruitment to the Gazetted and Upper Subordinate Ranks of the Public Service.

No. G. 9060-9102—G. M. 401-16-1, DATED 2ND JANUARY 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 9060-9102—G. M. 401-16-1, dated 2nd January 1917.

Government have had under consideration for some time past the question of making systematic arrangements for recruitment to the gazetted and, where necessary, the upper subordinate grades of the several public services of the State. The requirements of the several departments in the matter of *personnel* should, so far as they can be foreseen, be ascertained and provided for in good time, so that when vacancies arise there may be no embarrassment or difficulty in filling them.

2. Leaving out of consideration departments for which definite arrangements already exist, and making due provision for the promotion of deserving men in the lower ranks, sixty men will be needed for posts likely to fall vacant in the course of the next five years. On account of the paucity of qualified candidates, however, it is not proposed to entertain the full number at once. The programme of recruitment will be spread over three years, and it is proposed to appoint 36 probationers in the course of the current official year.

3. The following rules are laid down regarding the qualifications, the mode of selection, etc., of candidates for appointment as probationers except in the case of probationers for the Military Department.

(i) Candidates should be graduates and natives of Mysore, and unless they are already in service, should not ordinarily be over 25 years of age.

(ii) The selection will be made from the following classes of persons:—

(*a*) Candidates who have passed the Civil Service Examination but have been unable to secure a sufficiently high place to be appointed to the cadre of Assistant Commissioners.

(*b*) Distinguished graduates selected from University pass lists.

(*c*) Graduates already in service possessing special merit.

(*d*) Graduates belonging to communities not adequately represented in the public service.

(iii) The number to be recruited from the different classes of candidates enumerated above will be as follows:—

(*a*) About one-third of the appointments will be reserved for selected graduates already in Government service.

(*b*) About one-third of the appointments will be made with the object of equalising the representation of communities in the service.

(*c*) The remaining appointments will be made from the pass lists of the Civil Service and University degree examinations.

No. G. 9060-9102—G. M. 401-16-1, DATED 2ND JANUARY 1917.

(iv) A committee will be appointed for selecting probationers after examining the academical qualifications and general attainments of all the candidates. The selections will be subject to the approval of Government.

(v) The selected candidates will be on probation for two years during which period they will draw a pay of Rs. 50 to Rs. 100 according to the department to which they are recruited. In exceptional cases, Government reserve to themselves the power of giving a larger initial pay not exceeding in any case Rs. 150 per month.

(vi) Probationers are expected to pass all the necessary departmental tests during the period of probation. A probationer failing to pass these tests by the end of the two years of probation will be allowed a further year's grace, and failing to pass in the third year, he will be removed from the service or posted to a less responsible place.

(vii) If a probationer fully qualifies himself during the prescribed period, and gives satisfaction in his work and conduct, he will be confirmed in the department on the pay fixed. His further prospects will depend upon his work and capacity and the occurrence of vacancies in the higher grades.

4. The appointment of probationers in the Military Department which will be outside the rules laid down in paragraph 3 above will rest on the pleasure of His Highness the Maharaja.

5. The number of probationers to be appointed in 1916-17 to the several departments, their initial pay and the posts in which they may be confirmed if they give satisfaction after the period of probation, are given in the annexed statement. The Committee of selection referred to in paragraph 3 will consist of the Financial Secretary as Chairman and the Revenue Commissioner, the Inspector-General of Education, Mr. K. Krishna Iyengar, and Mr. Humza Hussain as members. Mr. N. Madhava Rao, Assistant Secretary to Government, will be the Secretary to the Committee. The Committee will be requested to consider the applications already received, to advertise for candidates, and take all steps necessary to enable them to submit their recommendations before the 15th February 1917.

6. In 1918 and 1919 and once every two years thereafter, a fresh programme of recruitment will be drawn up and arrangements will be made in the manner described above to appoint probationers to the extent that may be found necessary at the time. The vacancies likely to arise within three years following will be computed and a sufficient number of appointments will be set apart for deserving men in the lower ranks. It is only for the remainder that direct recruitment will be made by the appointment of probationers. If, in any year, a sufficient number of candidates with the requisite qualifications are not forthcoming, the full number of probationers contemplated will not be appointed.

Chairman of the Committee for the
selection of probationers,

To

D.M.NARASINGA RAO, Esq., B.A., B.L.,

Secretary to Government,

General Department.

Dated, Bangalore, the 18th March 1917.

S i r,

With reference to Government Order No. G.9060-9102/G.M.401-16-1 dated the 2nd January 1917 regarding the selection of probationers for certain departments, I have the honour to report as follows:-

2. In pursuance of the order(paragraph 5) and with the approval of Government, a prospectus was issued calling for applications. The Committee were also asked to consider the older applications pending with Government, but as some of these had already been disposed of directly or indirectly, and as they did not furnish all the information required, it was not possible to do anything beyond asking the candidates to send fresh applications in the prescribed form, if they so desired. Several have accordingly done so.

3. Soon after the last date of receipt of applications preliminary work was begun. The fact stated in the applications were verified from original sources as far as possible and in consultation with the members a number of preliminary lists were prepared according to the qualifications and other particulars of the candidates. The Committee met on the 12th and 13th instants and after very careful consideration -----

selected

selected the candidates named in the appended list I. The academical attainments of the candidates, the community to which they belonged, their age -- and aptitude and the reported nature of their work and usefulness (if already employed in Government service) were all minutely gone into, and the selection in every case has the unanimous approval of - the members.

4. Two out of the four persons recommended for the Educational Department had not sent in -- formal applications. But the Inspector-General stated that this was due to misapprehension and that the persons in question were among the most deserving in the department. The Committee agree that these candidates should not be debarred from selection by reason merely of a technical defect.

5. Of the 30 candidates selected by the Committee, 18 are Brahmans, 4 are Mahomedans while the remaining eight belong severally to the communities named below:-

Devanga	Moodliar
Lingayat	Vokkaliga
Christian	Kshatriya
Vaisya	Jain

6. Sixteen out of the thirty candidates are already employed in Government service, and five of them are receiving higher emoluments than those provided for probationers. In such cases, the -- Committee would recommend, as a measure of obvious fairness, the continuance of the present emoluments as per details in Statement II.

7. Some of the candidates selected from amongst those who are not in service are over -- 25 years of age and two of them are over 30. But

in

in view of the fact that they are suitable in all other ways, they may be appointed.

8. A list of all applicants with particulars of age, qualifications, etc., is appended. (Vide Statement II.)

9. My thanks are due to Mr. N. Madhava Rao, Secretary to the Committee, for the trouble he has taken in connection with the work of the Committee. From the very -- nature of the case a large amount of work of a mechanical description had to be done by him personally and he did it cheerfully and to the entire satisfaction of the Committee.

I have the honour to be,

S i r,

Your most obedient servant,

C h a i r m a n.
